Michal,

Attached are three versions of the Dicamba response for your review/action:

- 1) Clean copy, signature ready pdf – if you think the response is ready to go you can ESign this document.
- 2) Clean copy, Word version – if you have additional changes after reading the doc.
- 3) Redline/strikeout version – showing Carol Ann's changes in response to your comments over the weekend, and showing OPP's response to the final comment you made on Sunday.

Once you sign, I will take care of transmitting the doc to the IG, and cc the appropriate senior management.

Also attached are Amended Technical Comments dated 4/19/21. The only change in this document from the 4/16 version sent by Carol Ann is that I've made all the commenters "EPA" – in the previous version Carol Ann's comments were listed under her name).

FYI, the Technical Comments will go over separately, from me, with a note to the OIG stating that we request that they remain internal to the Agency. This is our normal business practice with Technical Comments.

Please feel free to call me at the number below if you have questions or additional needs.

Thanks,
Janet
